The Speakers:

Colin Bates

Colin, as the Manager, Faculty of Health, Medicine, Nursing & Behavioural Sciences Library Services and Geelong at Waurm Ponds Campus Library, is responsible for library services, programs and resources supporting the Faculty, and for local library operations at the Geelong at Waurm Ponds Campus. He also is responsible for online and off campus library services and support, and the coordination of the public web pages of the Library.

Kat Clancy

Kat is the Library Web Developer at Deakin University. In this position, Kat is responsible for the technical development and maintenance of the Library websites, and for providing Web Manager services for the library. In 2007, Deakin was one of the first libraries in the world to allow clients to link the library catalogue to their Facebook profile.

Gary Pearce

Gary works as School Liaison Librarian for Education and Chancellery support at RMIT University. Along with other liaison librarians he has been transferring his online guides into the Libguides software. He will show-and-tell on the way Libguides allow us to incorporate a variety of web 2.0 applications and thereby give us a new take on the old subject guide.

Susan Cowen

Susan's expertise is in community building, and she loves to help spread the word. Susan completed a Master of Arts in Virtual Communication, and her focus was and is on communities. Communities of interest, communities of practice – in fact all types of social networking.
