Criteria for subjects

- First year core subjects
- High international student enrolment
- A willing subject coordinator
- Assessments with academic or information literacy support requirements

Our new space

- Proactive model
- Developed with academics
- Embedded asynchronous support
- Scaffolded and tailored content

Additional features

- Accessible
- International student-friendly
- Sustainable & scalable

Initial responses

Academic Feedback:

- *'For the group assignment I reported no cases of plagiarism to the academic integrity committee.'*
- *'Students have said it was helpful to have all the support links in the one place.'*
- *'How can colleagues request a module in their subjects?'*

Student Activity:

- *Unique students returning multiple times*

Where to from here

- Improve design
- Grow subjects
- Course-wide scaffolded support
- New 'business as usual'

Key takeaway

When Library and Academic skills support is embedded in the LMS collaboratively, it can deliver more meaningful and lasting solutions for staff and students.
